Storage Cubby Units

Mud Room / Utility Room storage cubby with bench and storage below.

Intermediate cabinet includes hook rail for coat hooks (not included).

The upper cabinet is 12" deep and the base cabinet is 24" deep, height 96".

Top and bottom rails accommodate base and crown molding. Units can be installed side by side to create custom systems.

Available in White.

Optional unfinished oak seat available.

Widths: 24", 36", and 48"

48" x 96"

Pictured: Uninstalled unit shown without molding

LED Surface Mount Disc Light

Available in White.

Widths: 4" or 6"

6" Surface Mount LED light standard above kitchen sink, basement stairway and closets where lighting is required. Also available in the following locations:

Above Shower

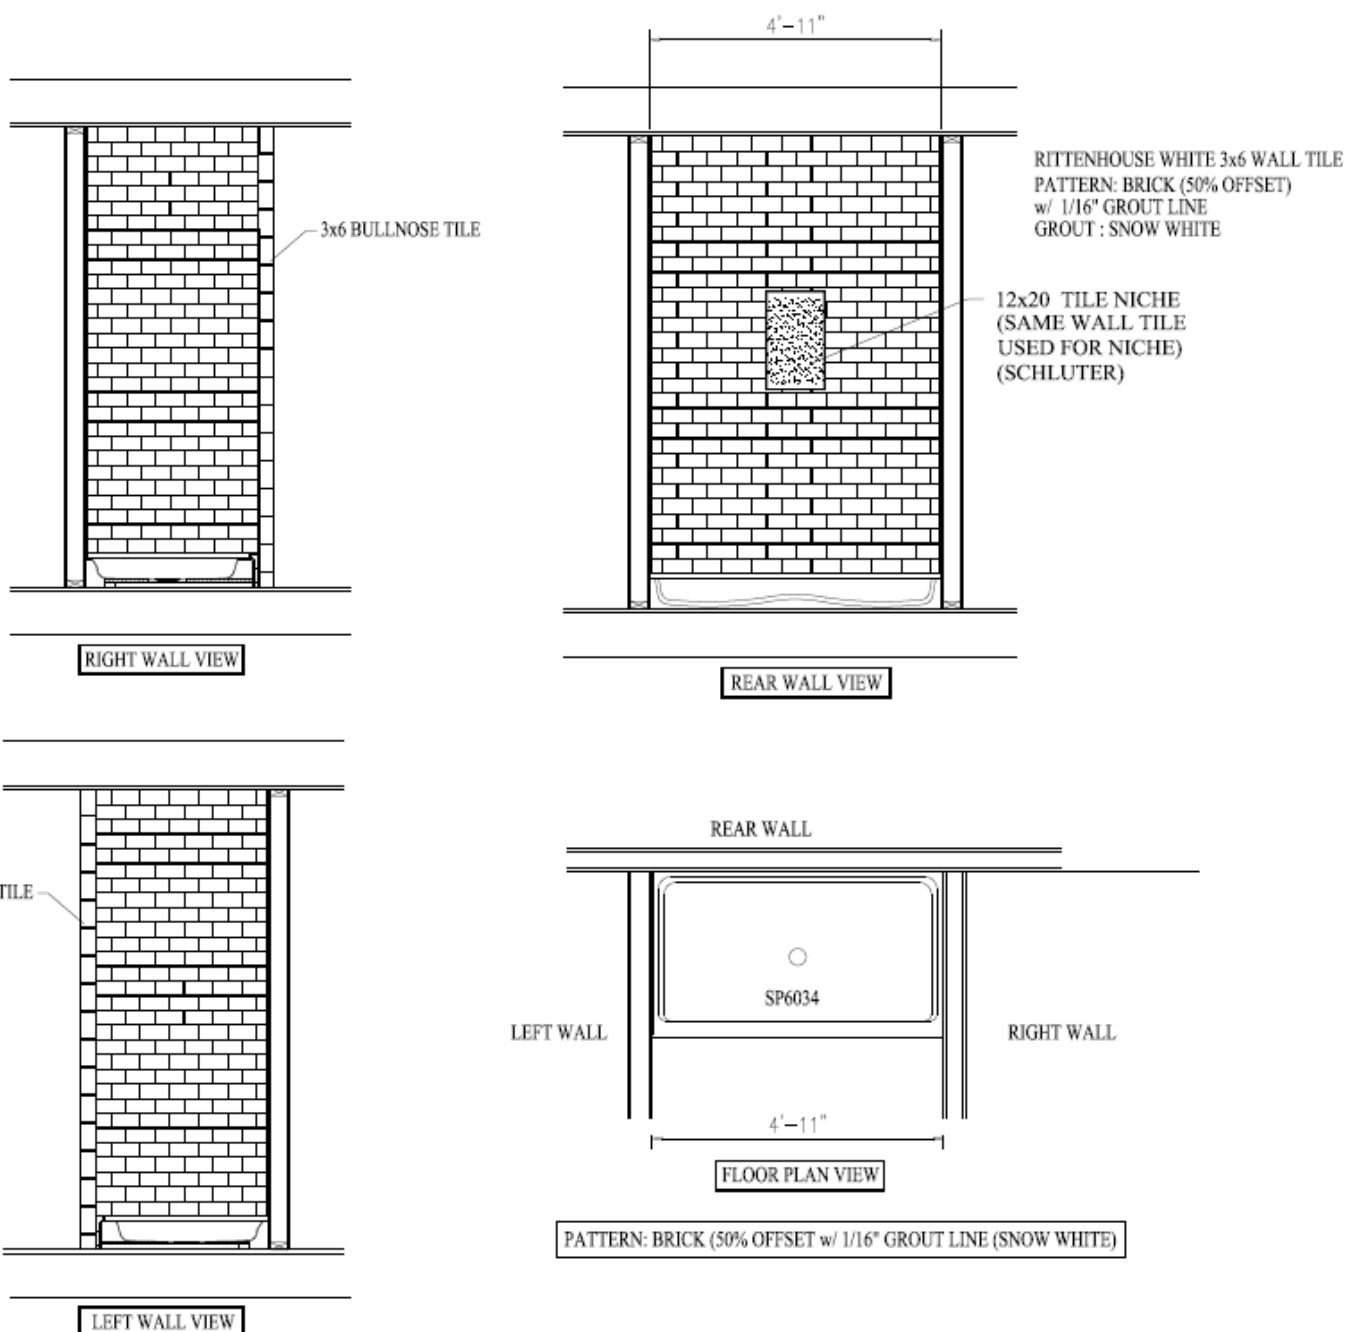

Throughout home as requested

Light fits onto standard ceiling junction box.

The LED surface mount light is a good alternative to recessed can lights, eliminating the need for baffles and fire rated boxes.

This light is dimmable and suitable for both wet and dry locations.
